

# Colour Coated

## What is Coated Lead?

A Quality lead sheet with a tailored, weather-and UV-resistant paint coating. With colours like brick red, brown, or gray (even bi-color rolls), it provides a consistent, eye-catching appearance right away without the streaking or oiling that bare lead needs.

### Standard Colours

- Brick red (similar to RAL 8004)
- Brown (similar to RAL 8019)
- Russet (similar to RAL 8012)
- Charcoal grey (similar to RAL 7021)

Other colours are available on request

## Where is it used?

- Valleys, flashings, & roofs
- Wall cladding and facades
- Architectural elements that are visible
- Projects that require finishes that match in colour

## Why Choose Coated Lead?

- Coloured coating - seamless match to slate, tiles, or contemporary facades
- Low maintenance - no staining or patination oil
- Strong finish - durable to weather and UV
- Flexible - solders, bends, and cuts like regular lead
- Sustainable - 100% recycled and recyclable
